So it appears not from my assertion but from court records that Mr. Haskell is not only a Standard Oil tool and a crobked railroad promoter but a Steel trust organizer. No wonder he can get money for Mr. Mack, and no wonder Mr. Bryan and Mr. Kern do not want to relinquish so valuable a campaign treasurer. Before I read you a few more letters regarding the Standard Oil I want to read you Mr. Haskell's opinion of that corrupt corporation, expressed publicly in a speech at a banquet at Tulsa, Okla., on February 29, 1998.

My friends: We often hear—for want.

My friends: We often hear—for want, perhaps of some clearer thought—we often hear a speaker assail the Standard Oil Company. I sometimes think that the speaker has merely heard the name mentioned and does not know what the purpose of the company is, or its plan of business. The Standard Off Company has done wonders in the United States. The Standard Oil Company by the application of good sense to its business, by the application of genius and discovery of the com-ponent parts of the raw material, has made oil products reach values that were never dreamed of a few years ago.

ARCHBOLD TO SENATOR M'LAURIN. We all know now that the Standard Oil Company has "done wonders in the United States" or at least in the United States Senate. We all know that the Standard Oil Company by the "application of genius and discovery" has developed some pretty raw material in the organization of the Democratic party. As examples of methods "that were never dreamed of a few years agd" I am going to read you the following letters:

DODGE THROUGH MIST GATES. A Flock of Liners Get In and Maybe Some Get Out.

The mist gates of the harbor were opened at intervals yesterday so that a belated fleet of liners could dodge in. Whether or not the outgoing ocean craft got away may not be known until the vapor vanishes and the experts at duty in the towers on Sandy Hook may see a few miles off shore.

The White Star liner Teutonic, from Southampton and Cherbourg, which got within a few miles of the Sandy Hook lightship on Wednesday night, was not discovered by the observers until yesterday afternoon in a let up in the obscuration, and she had to make Quarantine on the instalment plan. The Buelow of the North German Lloyd line was off the Hook just after midnight on Wednesday morning and she also did not get into Quarantine until yesterday afternoon.

The North German Lloyd liner Koenig Albert, from the Mediterranean, was twenty-four hours off the Hook behind

About twenty vessels from across seas and West Indian and Southern ports formed the fleet that managed to grope into harbor. The Cunarder Carmania, from Liverpool and Queenstown, bearing Maude Adams, who has been spending a vaca-tion of three months in Ireland, was unable to make dock. She anchored off the Hook in the afternoon and stayed there because she could not find a rift in the gloom that lasted long enough to warrant her getting up her mudhook.

The Cunarder Mauretania, which salled

on Wednesday afternoon and later anchored in Gravesend Bay, was still there yesterday afternoon. She may have got out in a streak of clear weather, but it is likely that she will not be reported passing the Hook until to-day.

It was impossible for the experts in the towers of the Hook to make out in the din of whistles off shore what particular iner was screeching.

The Russian steamship Korea, from Libau, which anchored off the Sandy Hook lightship on Wednesday afternoon was held in Quarantine because she came from a port where cholera is supposed to be. Every one of her twenty-three cabin and 388 steerage passengers was examined by Health Officer Doty and his assistants and the ship will not be reeased until this morning. No suspicion cases of sickness were discovered.

The executive committee of the Federation of Jewish Organizations officially eclared the "Bingham incident" close at a meeting at 311 East Broadway last evening. Police Commissioner Bingham's retraction of his statement that 50 per cent. of the criminals were Jews was roted satisfactory. All feeling of reentment appeared to have vanished.

Some discussion arose over a propo sition, which was adopted, that the federation offer its ovoperation to the Police Department, the Children's Court and the Department of Correction in stamping out crime among the Jewish population. HASKELL BLAMES ROOSEVELT

FOR FAVORS GRANTED TO OIL TRUST IN OKLAHOMA.

Declares That Secretary Hitchcock Fixed

GUTHBIE, Okla., Sept. 24.—Gov. C. N. Haskell early to-day gave out his reply to President Roosevelt in the Standard Oil affair.

The following was Haskell's statem "President Roosevelt's letter is before me, and while this is the first time in my life I have been made the subject of a Cabinet meeting I am thankful for the distinction and I wish to express my high regard for the office of the President and my profound respect for the wisdom of our fathers in making it rossible to change the occupant of that high office every four years without the right granted to a Crown Prince to succeed

"I assert it is fair for me to assume if my case was to be dignified by an all day Cabinet meeting, that beyond question Mr. Hearst and his campaign asinturned to blacken my character.

"They raked Ohio fore and aft concerning the Ohio Standard Oil cases of 1899, and finding absolutely nothing reflecting on me the President tried to wave his charge of last Monday aside by saying he will make no allusion to that. He drops this subject because his original statement was untruthful, and he must know from what he knows and tried to find in Ohio that I spoke the truth when I said that I never in all my life had any interest in, connection with or service

for that company
"I say the President knows that my ent is true, and I regret that he tries to brush it aside without doing me candid justice. Were I to adopt the character of language so commonly used by the President I would spell it in fewer etters than 'falsehood.'

otion in this instance?

"President Roosevelt comes to Oklahome and finds a substitute for his Ohio failure, does he, in the case of the State against the Prairie Oil and Gas Company, which he complains I compelled to be dismissed?

dismissed?

"Yes, I did have it dismissed. We all know that the Prairie company is a Standard dit offspring, and don't forget the President claims to have known this also. And I charge that the political allies, Hearst and Roosevelt, both know that I acted propely.

also. And I charge that the political allies, Hearst and Roosevelt, both know that I acted properly

"First—The Prairie Oil company got its franchise in our State act from me but from Roosevelt's Secretary of the Interior long before Statehood began and had its main line built and operating, and Congress in our Statehood bill was careful to declare that our new State when organized must respect all such vested rights and existing franchises. That was all I did, and the Federal courts stood ready to call me down if I violated the Roosevelt Territorial franchise.

"Now, Mr. President, why did your Secretary of the Interior grant what you knew to be a Standard Oil pipe line franchise in our then helpless Territory and fasten it on our new State by a permanent Statehood bill? Will Mr. Hearst or the President please answer?

"I also will remind the President that the company tried to enlarge its rights so as to include a gas as well as an oil privilege. This I veloce, and even last April, Mr. President, your Secretary of the Interior tried to help the Standard Oil gas privileges against my protest by actually granting them a franchise to lay an interstate gas line also. I notified the Secretary that since Statehood your days of giving valuable franchises in our State had passed and I would resist laying the pipe line only after you yielded and cancelled your unlawful act.

"I again assert that my act in that case was not only required by what Federal authority had been unable to do but

CHICAGO, Sept. 24.—Gov. Haskell of Oklahoma was made the object of another attack from the Republican headquarters to-day, the charge this time being that as Governor he had signed a bill appropriating \$31,991 of State money to meet a deficiency arising out of the Constitutional convention, although the State Constitution specifically evoluted that debt from being assumed by the State. As a member of that convention Gov. Haskell was a heneficiary under the provisions of the bill to the amount of \$238, say the Republicans.

LEAVES HASKELL TO BRYAN. Mack Says It's No Job for Him-Conners Simply Shouts "Victory!

"If Treasurer Haskell intends resigning or has written out his resignation, I know nothing about it," Chairman Mack of the Democratic national committee said yes-terday. "I have not heard from Gov. Haskell, nor have I heard from Mr. Bryan. The situation is one, anyway, that I don't care to have any hand in. Mr. Roosevelt and Mr. Haskell seem to have the plat-

and Mr. Haskell seem to have the platform, and whatever is the outcome I think the matter is one that logically belongs to Mr. Bryan to deal with."
State Chairman William J. Conners also refused to discuss the subject. What he wanted to say and did say was:

"I tell you boys, and I am saying it on reports I have received from every part of the State, that Bryan will carry New York by 100,000 votes."

Chairman Woodruff of the Republican State committee said of President Roosevelt's letter:

"It's bully. The result of it all will be that Gov. Haskell will resign, in my opinion, and that the bottom will drop out of the Democratic national campaign."

HASKELL GIVES \$20,000

To Democratic Campaign Fund-Wen't Resign. Say Sullivan and Wetmore. CHICAGO, Sept. 24.-Roger C. Sullivar left for New York this afternoon and will be at the Hoffman House to-morrow "Mr. Roosevelt, I hope to speak in He is to consult with Norman E. Mack. Ohlo soon. May I hope to divide the chairman of the Democratic national time with some partisan of yours or committee, as to the progress of the committee, as to the progress of the Democratic campaign.

"Gov. Haskell will not resign as national "Gov. Haskell will not resign as national treasurer," said Mr. Bullivan. "There is no valid reason why he should."
"Haskell resign?" remarked Col. Moses Wetmore, Chicago treasurer of the Democratic fund. "I guess not. He gave me \$20,000 on Monday as his contribution to the campaign fund. Bay, my boy, this is all over. The only way to beat Bryan is for Bryan to retire as the candidate. Then Taft could win. I told Haskell that his \$20,000 wouldn't pay for the cocktails in this setablishment, but it was welcome just the same."

MAKING ISSUES OF MEN. Kern Says Roosevelt Is Seeking to Get

Away From the Democratic Platform. BALTIMORE, Sept. 24.—"It is evident from the President's first charge against Gov. Haskell and his reply to Mr. Bryan that there is a systematic effort on the part of the Republicans to divert the preseat fight from lesues of the campaign to other things they are trying to make issues of men."

This was the comment made by Vice-Presidential Candidate John Worth Kern o-day upon the reply of President Roose velt to Mr. Bryan's telegram.

the Oklahoma end.

"The President has concluded upon the unsupported testimony of Hearst, whom he holds partly responsible for President McKinley's assassination, that Haskell was guilty of dealing with the Standard Oil Company. If these things are proven, then Haskell's connection with the Democratic campaign committee will have to cease.

TWO SUICIDES NEAR BY.

Delicatessen Man and a Worker in Candy Store Kill Themselves.

The odor of gas led yesterday to the discovery of the body of August Kunde, 40 years old, who kept a delica-tessen store in \$25 Steinway avenue, Long Island City. The police found on the bureau a letter addressed to Edmund Strum of 135 Irving street, Jersey City, which was dated Beptember 22 and read: DEAR EDMUND—When you receive this letter I shall be dead. I was in hopes of coming, but this won's go any longer. Will end it all by taking gas. Business must be sold, as there is not enough money for my burial. I have laid aside the photographs, also ring and pin. I have no more news to tell you. Tell Louise and Henry. I thank you for what you have done for me. My regards to your family.

My regards to your family.

Another suicide occurred yesterday at 823 Albert street, a few blocks from Kunde's place. Rudolph Maas went into his bedroom and shot himself through the head. He was employed in a candy store and leaves a widew and two children. It is said he was worried over business troubles and shortly before shooting himself had heard of Kunde's taking his life by gas.

FISH PROTECTION URGED. Closed Season Advocated at the International Fisheries Congress.

WASHINGTON, Sept. 24.—Some kind of fish protection that will really protect was the question before the International Fisheries Congress to-day. The existing laws are held to be wholly inadequate, and something radically different is

and something radically different is sought.

One plan advocated to-day proposes that the protective period be established in the month when the heaviest catch of unripe fish is made. Under present conditions free fishing is to be allowed during the spawning season, and the fishermen compelled to strip all roe fish and fertilize the eggs with a view to planting and thus conserving the supply.

Many of the delegates are favorable to some kind of a closed season for the fishes which make pests and rear their young much after the manner of a hen with chickens.

young much after the manner of a hen with chickens.

The foreign delegates have expressed surprise at the progress in fish culture that has been made in America, and they say that the United States, in both its Federal and State fish commission work, is decidedly ahead of any European country. This is attributed to the willingness of the Government, both State and national, to spend money for scientific research.

important development here to-day rela-tive to President Roosevelt's charges against Gov. Charles N. Haskell, in preventing Attorney-General West from prosecuting the Prairie Oil and Gas Company (Standard Oil), is a letter alleged to have been written by W. A. Ledbetter of Ardmore, Okla., general solicitor in pany to J. D. Johnson of St. Louis, general counsel for the Waters-Pierce Company,

They are trying to lead us on and to distract the attention of the people from the Democratic platform, which they know they cannot successfully assail, and develop new issues from some of the men who are conducting the campaign.

Of course there are rascals in the Democratic party. There are rascals in all parties and always will be, and if it is found that Gov. Haskell is unworthy he will have to go. I see that the President has rather evaded the Ohio end of the Haskell affair and now devotes himself to the Oklahoma end.

John Johnson of St. D. Johnson of St. Douis, general counsel for the Waters-Pierce Company, given to the press by Attorney-General West.

This letter was written July 25, 1908, while the suit by West to force the Prairie Oil and Gas Company to domesticate before building additional pipe lines in Oklahoma was pending in the District Gourt. It was written two days before the suit was heard in court and four days before it was decided.

It shows conclusively, according to

It shows conclusively, according to Attorney-General West, that a confe between Haskell, Ledbetter and the Prairie Oil and Gas Company attorneys had been held in Guthrie during the two days preceding the writing of the Court, Brooklyn, to set aside a judgment letter and a plan of action decided upon among them to defeat West. In this

connection, too, it is understood that Johnson, to whom the letter was addressed, had been in Guthrie himself a few days before and in conference with Ledbetter, if not with Haskell.

Johnson's presence in the State House here was reported at the time.

The letter was a copy of an original and having been accidentally dropped was given by the finder to West. He read it in a speech at Marlow, Okla., August 15 last. The letter is unsigned but shows it was dictated by "W. A. L.", which are the initials of W. A. Ledbetter. In introducing the reading of this letter at Marlow, bail. ducing the reading of this letter at Marlow in his speech, Mr. West said:

"Here is a letter written by W. A. Ledbetter, the attorney for the Waters-Pierce Oil Company to J. D. Johnson, the general attorney for the Waters-Pierce Oil Company, written two days before this case was to be decided in the lower court, and from which we may be able to see whom the Governor is seeking The letter reads as follows:

"GUTHRIE, July 25, 1908. *Col. J. D. Johnson, St. Louis, Mo.

"MY DEAR SIR: I have been here yesterday and to-day in consultation with the Governor and attorneys for the Prairie Oil and Gas Company in the controversy with Attorney-General West. The plan which has been adopted is about as I

outlined to you some days ago. outlined to you some days a 30.

"The Governor filed his motion or order, directing the dismissal of the case, reciting the facts ascertained by the representative sent by him to investigate the conditions in the oil fields and the necessity for the construction of the pipe line. These facts were agreed to by the Prairie Oil and Gas Company in its answer, and it joins in the prayer for the dismissal of the suit.

oil and Gas Company in its answer, and it joins in the prayer for the dismissal of the suit.

"If the District Judge dismisses the suit my understanding is that the Attorney General will appeal to the Supreme Court. If the suit is not dismissed the Governor will apply for a writ of prohibition at once.

"The motion of the Governor to dismiss the action will come on for hearing in the District Court Monday and I will wire you definitely as soon as the motion is passed on.

"The Governor accompanied his motion-with a very strong document reciting in detail his contention as against Attorney-General West, and his determination to protect the rights of corporations as well as individuals so long as they obey the law. This is a very impertant document and should have the widest circulation among the voters of the State. I will mail you a copy of it as soon as it is published.

"Sincerely yours.

"The letter outlines completely the action which was taken. The Governor failed in the District Court to get the West suits dismissed against the Prairie Oil and Gas Company and immediately procured, as the letter said he would, a writ of prohibition from the State Supreme Court stopping the prosecution below, and later the Supreme Court decided that West had no jurisdiction whatevar under the Okishoma constitution to initiate court actions in the State's name without the Governor's instructions.

that "this important document should have the widest circulation among the voters of the State" was followed soon afterward by the distribution throughout the State of a faceimile page from Gov.
